IACDS DiamondAward 2011

Dear Julie

Congratulations! You are one of the three winners of DiamondAward 2011.

Twelve experts out of seven national associations judged the entries under the following criteria:

- Planning, complexity
- Innovation
- Degree of difficulty
- Quality demands

According to these criteria, you are one of the winners.

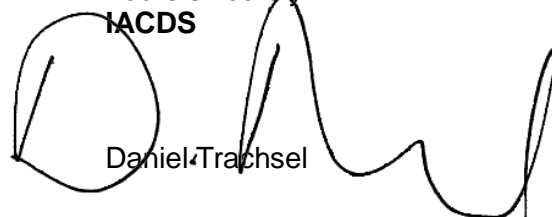

The prize will be awarded during the World of Concrete in Las Vegas/USA, on **Tuesday, January 18, 2011, 5.00 PM** local time at Room N 263.

May we ask you to keep your success **in confidence** until the ceremony. Premature publishing would be counterproductive for the overall public appearance of the award.

We hope that you or a representative of your company will be present at the ceremony. As you know, the prize awarded to you is a free flight from your country to Las Vegas for two persons in economy class and a double room for three nights in Las Vegas, all offered by our sponsors.

In case you are able to attend the ceremony, we ask you to immediately book a flight to Las Vegas and to inform our sponsor "World of Concrete" on arrival and departure date to enable them to book a hotel room for you. You find the contact details in the mail accompanying this letter.

Yours sincerely
IACDS

Daniel Trachsel
