

Quality Policy

It is the Policy of D-Drill (Master Drillers) Ltd to value and satisfy customers, suppliers and other stakeholders by providing an exceptional standard of Drilling and Sawing Works.

It is the strategy of D-Drill (Master Drillers) Ltd to always exceed customers' requirements by working efficiently and professionally, whilst controlling costs with continual focus on auditable quality.

To ensure the strategy is implemented, measurable company objectives are set, communicated and reviewed by the senior management team in the regular management reviews, as outlined in D-Drill (Master Drillers)'s Internal Management System, and which is continually improved.

D-Drill (Master Drillers) is committed to complying with accepted quality practices, including the commitment to meet or exceed applicable legal and other requirements and to strive for continual improvement through its quality management system.

This Policy is authorised by the undersigned and operation of the procedures documented in the system are mandatory on all staff and sub-contractors. The policy will be communicated and made available to all parties interested in the performance of our quality management system.
